YVA

The YVA Series Mirrors: Timeless
Elegance and Clear Design Language

Whether round or rectangular, the YVA mirrors blend harmoniously into modern bathrooms, creating a gentle light atmosphere with their continuous indirect lighting. The neutral white light provides a natural radiance and emphasizes the calm clarity of the design.

Their delicate silhouette lends the mirrors a floating lightness, while the invisible touch control allows for seamless adjustment of the lighting—perfect for relaxing moments as well as for the ideal start to the day.

Available in matte black or matte white, the slim frame itself becomes a stylish accent. YVA is more than just a mirror—it's an atmospheric lighting element that enriches bathroom design both functionally and aesthetically.
